

## Job Profile:

### Technical Recruiter – USA market

- 2-3 years USA Technical Telecom recruiting experience is a must.
- The recruiter will be responsible for sourcing, identifying and submit candidates that are a technical match for job openings within the company.
- Will also be responsible for qualifying required job-related skill sets, salary negotiations, initial interview.
- Manage our internal candidate database.
- Must have a Telecommunication recruiting background (not looking for IT recruiting skills) with an understanding of the terms used and should be a very quick learner.

Needs to be extremely comfortable being on the phone. It is high volume work and fast paced work with a lot of phone time. Must be able to work on multiple projects, set priorities for accomplishment and follow-up assignments.

Positive problem solving and the ability to communicate clearly is vital.

Must be computer literate and proficient in Microsoft Office products.

Flexibility to take on work as needed.
